

ATISacer 80 rope manipulator:

Lifts and moves marble and stone slabs with precision and lightness

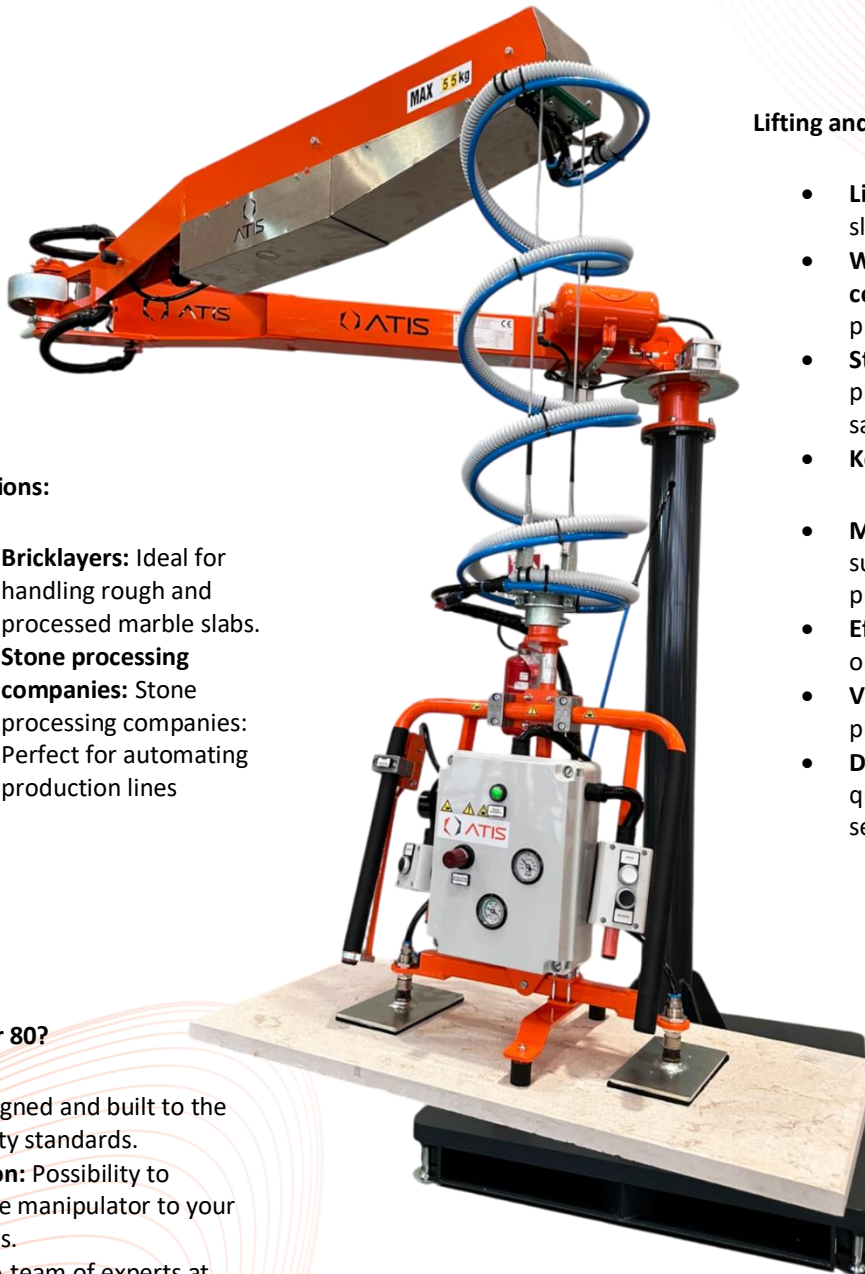

ATIS
MANIPOLATORI PNEUMATICI

Looking for an efficient and safe solution for handling your marble slabs? The ATISacer 80 rope manipulator is the ideal answer.

ATIS Customised Manipulator for Marble and Stone

Equipped with custom-made suction cups, this manipulator is specifically designed to adhere perfectly to marble slab surfaces, ensuring a secure and stable grip.

Applications:

- **Bricklayers:** Ideal for handling rough and processed marble slabs.
- **Stone processing companies:** Stone processing companies: Perfect for automating production lines

Lifting and Moving Precision

- **Lifts up to 50 kg:** Ideal for handling slabs of different sizes and weights.
- **Withdrawal from the roller conveyor:** Simplifies picking after processing.
- **Storage on the pallet:** It places the plates on pallets precisely and safely for shipment.
- **Key Benefits:**
 - **Maximum security:** Customised suction cups ensure a firm grip, preventing damage to the plates.
 - **Efficiency:** It automates handling operations, increasing productivity.
 - **Versatility:** Adaptable to different plate sizes.
 - **Durability:** Constructed from high-quality materials to ensure a long service life.

Why Choose ATISacer 80?

- **Quality:** Designed and built to the highest quality standards.
- **Customisation:** Possibility to customise the manipulator to your specific needs.
- **Assistance:** A team of experts at your disposal for all your needs.

Optimise your production with the ATISacer 80 manipulator!

Choose our industrial manipulator and discover how to simplify your operations and increase your efficiency.
