

ATISmirus 100

Pneumatic rigid arm manipulator with swivel arms, the right compromise between capacity and agility. Ideal for handling medium weights, gives its best adapting to many common working situations. Completed with a specific gripping tool it gives the opportunity to handle even offset products in any direction without a big effort.

SECURITY ACCUMULATION TANK

Allows the carrying out of the working cycle in case of air supply failure. Certified tank.

COMPRESSED AIR CONNECTION

Column mounted air connection with protected internal piping to supply the main pneumatic box.

DISC BRAKES

Metallic discs 6mm thickness with double braking pad.
